

# JASON MCCULLOUGH

## MODEL MAKER/SET DRESSER/VFX

### PROFILE

I have been working in the fields of animation and film for 15 years. I have worked with many respectable companies and have always met my deadlines. I have made sure that no matter what I am learning on my path as an artist, that I put forward nothing but the best of my time and effort. I am able to adapt to fill many roles in a production and am happy with filling several roles at once. My short films have been screened in and won awards in over 30 film festivals and competitions. If you are looking for an artist with a solid work ethic and high caliber of professionalism, then I am your person.

### PROFESSIONAL SKILLS

I am proficient in almost all of the Adobe software line. I have learned the inner workings of many industry standard animation programs including Maya, Toonboom, TVPaint and Dragonframe. I have over 10 years of experience compositing effects and working with green screen footage for both live action and stop motion films. I have over 15 years of fabrication and set dressing skills through stop motion and live action work. I have made sure that I am a well-rounded artist, so no matter what task I am brought on for; my employer will rest assured that I am capable of accepting and completing that task.
